Employment, Income & Poverty, 2006: Davidson County

Labor Force

- Davidson County's labor force, including employed and unemployed workers seeking employment, totaled 80,049 in 2006.
- The county's labor force grew by 0.6% between 2000 and 2006.

Unemployment

- Davidson County's unemployment rate averaged 5.9% in 2006, compared to a statewide figure of 4.8%.
- Davidson County's unemployment rate was higher in 2006 than it was in 2000.
- Some 4,740 people were unemployed and actively seeking work in Davidson County in 2006, up from 2,601 people in 2000.

Income & Poverty

- Median household income in Davidson County equaled \$43,868 in 2006 – an amount equivalent to 102.9% of the statewide figure.
- The county's per capita income of \$21,368 was \$1,577 less than the statewide level.
- The county's poverty rate of 9.6% was significantly lower than the statewide level of 14.7 percent.
- All together, 31.1% of the county's residents had incomes less than twice the federal poverty level (\$41,228 for a family of four).

Job Projections

- The Davidson County area is expected to add 9,518 jobs between 2004 and 2014.
- Most of the jobs expected to add the most positions (e.g. cashiers, retail salespersons) offer low wages, few benefits and little upward mobility.
- The jobs expected to grow the most in percentage terms, like those in health fields, typically pay good wages but require workers with some type of postsecondary credential.
- Some 80% of the county's adults possessed no more than a high school degree in 2005.

Living Income Standard

- A working family with children needs to earn, on average, a total of \$17.07/hour to cover basic living expenses in Davidson County.
