Employment, Income & Poverty, 2006: Henderson County

Labor Force

- Henderson County's labor force, including employed and unemployed workers seeking employment, totaled 47,792 in 2006.
- The county's labor force grew by 13.3% between 2000 and 2006.

Unemployment

- Henderson County's unemployment rate averaged 3.6% in 2006, compared to a statewide figure of 4.8%.
- Henderson County's unemployment rate was higher in 2006 than it was in 2000.
- Some 1,739 people were unemployed and actively seeking work in Henderson County in 2006, up from 1,277 people in 2000.

Income & Poverty

- Median household income in Henderson County equaled \$41,573 in 2006 – an amount equivalent to 97.5% of the statewide figure.
- The county's per capita income of \$24,984 was \$2,039 more than the statewide level.
- The county's poverty rate of 11.6% was essentially the same as the statewide level of 14.7 percent.
- All together, 31.7% of the county's residents had incomes less than twice the federal poverty level (\$41,228 for a family of four).

Job Projections

- The Henderson County area is expected to add 58,508 jobs between 2004 and 2014.
- Most of the jobs expected to add the most positions (e.g. cashiers, retail salespersons) offer low wages, few benefits and little upward mobility.
- The jobs expected to grow the most in percentage terms, like those in health fields, typically pay good wages but require workers with some type of postsecondary credential.
- Some 65% of the county's adults possessed no more than a high school degree in 2005.

Living Income Standard

- A working family with children needs to earn, on average, a total of \$16.18/hour to cover basic living expenses in Henderson County.
